Von Innen die Tueren an den vorgebohrten Loechern und hier gekennzeichneten Stellen vorsichtig durchbohren. Um Ausrisse zu vermeiden, beim Bohren ein Stueck Holz dagegenhalten! Tueren beidseitig einsetzbar.

Percer soigneusement les trous préforés, comme indiqué ici. Pour éviter des fentes, appuyer une pièce de bois au lieu du perçage.  
Les portes sont droite/gauche montable.

To bore carefully the pre-drilled holes, as shown here below. To avoid rips, to rest a piece of wood on the place of perforation.  
Doors booth-way applicable.

Avvicinare gli elementi e ponendo molta attenzione, sfondare i fori già preforati, come mostrato qui. Per evitare spaccature, appoggiare un pezzo di legno dietro il foro. Le ante sono montabili in entrambi i versi destro/sinistro.
